ARTICLE 3. FORMULATION OF MUNICIPAL PROJECT

It is hereby determined that criteria for a municipal project for the improvement and enhancement of the central business district be now established; that a copy thereof be attached as an Exhibit "A" hereto, incorporated herein, and made a part hereof as though copied at length herein; and that same be now hereby adopted as a business improvement plan as contemplated by Miss. Code Ann. Section 17-21-5; and that the plans for any such structures and renovations of and improvements to existing structures be submitted with the permit application such that it can be determined that such project is intended to and will accomplish the revitalization of the central business districts.

ARTICLE 4. VALUE, TERM, AND APPLICATION FOR TAX EXEMPTION

The City does hereby find that, in order to qualify for a tax exemption hereunder, such project shall have the following values, with the corresponding term for the tax exemption:

a. Reconstruction/Renovation of Existing Structures

Exemption from ad valorem taxes for a period of seven (7) years may be granted for a project with a total value of not less than Five Thousand Dollars (\$5,000.00) for reconstruction and/or renovation of an existing structure.

b. Development/Construction of New Structures

Exemption from ad valorem taxes for a period of seven (7) years may be granted for a project with a total value of not less than Five Hundred Thousand Dollars (\$500,000.00) for development and/or construction of a new structure.

Exemption from ad valorem taxes for a period of five (5) years may be granted for a project with a total value of not less than Two Hundred Fifty Thousand Dollars (\$250,000.00) for development and/or construction of a new structure.

Exemption from ad valorem taxes for a period of three (3) years may be granted for a project with a total value of not less than One Hundred Fifty Thousand Dollars (\$150,000.00) for development and/or construction of a new structure.

The project as proposed shall be to promote the development of the designated central business districts and for the promotion of business, commerce, or industry in such designated districts. That application for exemption and permission to proceed with the proposed project shall be made in writing prior to commencement of such construction upon forms provided therefor, and shall have filed therewith the plans and/or designs as are herein required. Concurrent therewith, the applicant shall make application for a building permit as is then required; provided, however, that upon the granting of a permit to proceed for renovation or reconstruction of existing structures, any building permit fees pertaining to those renovations which might otherwise be due shall be waived. No building permit fees shall be waived for original or new construction projects hereunder. As a further condition for the granting of the tax exemption, any project for which permission to proceed has been granted shall be completed within twelve (12) months from date of such permit.

ARTICLE 5. COMPLETED PROJECT AND GRANT OF TAX EXEMPTION

Upon a finding upon its minutes of compliance with the requirements of this Ordinance that the completed improvements, renovations, or reconstruction to existing structures or the development or construction of new structures is for the promotion of business, commerce, or industry in the designated central business district, and that same will, in fact, accomplish the revitalization of the central business district, then an Order may be entered granting an ad valorem tax exemption as is hereby authorized for such period of time not to exceed seven (7) years as may, in the discretion of the governing authorities, be appropriate. Upon entry of such order, the City Clerk shall file one (1) copy with the Chairman of the State Tax Commission, one (1) copy with the State Auditor of Public Accounts, and one (1) copy with the Forrest County Tax Collector/Assessor.

Those costs and expenses incurred in a project for which a tax exemption is requested under the terms of this ordinance shall consist of, and be limited to, improvements, renovations, and reconstructions to existing structures; and development and construction of new structures.

The increase in assessed value qualifying for tax exemption shall be calculated by taking the assessed value of the improvements on the parcel for the year prior to the renovation, reconstruction, or new construction, and subtracting it from the assessed value of the completed improvements as they appear on the Forrest County Land Roll after completion and reassessment. The tax rate applicable to the land and the assessed value of the land shall not be affected by this program, nor shall the land be exempt from municipal taxation. As provided by statute, the qualifying improvements shall not be exempt from school district taxes.

ARTICLE 6. REQUEST FOR COUNTY AD VALOREM TAX EXEMPTION

The Forrest County Board of Supervisors is hereby requested to enact tax exemption policies, to the fullest extent authorized by law, including that which is authorized by Miss. Code Ann. Section 17-21-7, similar to those adopted by this ordinance in order to maximize the effect of the economic redevelopment incentives intended by this ordinance.

ARTICLE 7. REPEAL OF CONFLICTING ORDINANCES

All former ordinances, or parts thereof, conflicting or inconsistent with the provisions of this Ordinance, are hereby repealed.

ARTICLE 8. SEVERABILITY

If any part, or parts, of this Ordinance be held unenforceable, the rest and remainder hereof shall not be affected thereby and shall remain in full force and effect.
